THE PERFECT PRODUCT FOR EXPOSURE MANAGERS

You need to quickly, accurately and confidently interpret and control aggregate exposures across your entire book. To do this you need up-to-the-minute data, powerful visualisation tools and the ability to rapidly model all catastrophe scenarios.

FEATURES:

- ▶ Global hazard analysis across all major perils from multiple providers
- ▶ Web based interface for ease of use and quick access to exposure information
- ▶ Sophisticated aggregation engine, capable of handling complex policy structures
- ▶ Best-of-breed geocoding integrated with Google Maps and satellite imagery
- ▶ Real-time event notification service to respond to large catastrophes immediately
- ▶ Customised dashboards monitoring all global aggregation scenarios against risk appetite thresholds
- ▶ Live tracking of mobile assets such as marine vessels to identify accumulations of risk due to moving assets

BENEFITS:

- ▶ Proactively and confidently manage complex risk across all lines of business, perils and geographies, on a single platform
- ▶ Rapidly model natural and man-made catastrophe scenarios, worldwide and instantaneously interpret possible net losses
- ▶ Swiftly respond to risk alerts with powerful visualisations and personalised reports
- ▶ Quickly access exposure information via a browser from anywhere in the world
- ▶ Stay ahead of the competition with cutting-edge risk analytics, peril scoring and accumulation control
- ▶ Allow all stakeholders to view information at the appropriate level, with the ability to drill down to the most granular detail

ANIITA - THE REVOLUTIONARY DIGITAL ASSISTANT

By combining Exact with Aniita, you can access (re)insurance data and insights like never before. AdvantageGo's revolutionary digital assistant Aniita means that for the first time, you have swift and accurate access to business - critical information. Wherever you are, you can easily access Aniita's powerful curated insights by chatting with Aniita using your Smartphone

or Amazon's Alexa. Aniita connects to any policy administration, exposure management or third-party system as well as sourcing data from IoT and advanced machine learning, swiftly augmenting insights within seconds. Natural and responsive conversations and answers - when you need them.
